STATE COUNCIL

- *advisory & advocacy body of policy makers and experts*
- *council composition outlined in WA SSB 5248*

Article VI – Eligibility: RCW **28A.705.010**

Eligibility for Extracurricular Participation

- ▶ Under RCW 28A.225.280, the Washington interscholastic activities association and local education agencies shall facilitate the opportunity for transitioning military children's inclusion in extracurricular activities, regardless of application deadlines, ***to the extent they are otherwise qualified*** and space is available, as determined by the school district.

Note:

- ▶ ***State student athletic associations, some of which are not affiliated with state or LEAs***
- ▶ Although the receiving school must demonstrate reasonable accommodation, there is no requirement to hold open or create additional spaces

B

Absent Clarification Of The Existing Athletic Eligibility Rule

Military Families With Children Desiring To Enroll In A School District Of Choice And Participate In Varsity Athletics Should Be Advised:

1. WA law allows student enrollment in school district of choice regardless of residence location
2. However, if military housing is available, desired and in a specific school district attendance area, and the family opts to accept military housing and enrolls their children in another school district with the expectation of participating in varsity athletics, there is no guarantee of varsity athletic participation during the first year of school attendance

The Goal: *To remove barriers to educational success imposed upon children of military families because of frequent moves and deployment of parents.*

Student Military Indicator

Update for 2016-17 data collection

Military Indicator

Starting in the fall of 2016, school districts are required to collect data from active duty military families as well active reserves, all branches, and the Washington National Guard.

Reasons for collection of the data include:

- Better able to provide additional services to the students;
- A closer look at the test scores for these students, possibly showing the need for increased services to keep them on track for on-time graduation.; and,
- ESSA state level reporting requirement.

SSB 5163 (3) (2105)

For the purposes of this section, "students from military families" means the following categories of students, with data to be collected and submitted separately for each category:

(a) Students with a parent or guardian who is a member of the active duty United States armed forces; and

(b) Students with a parent or guardian who is a member of the reserves of the United States armed forces or a member of the Washington national guard.

Milestones

Collection option of X="don't know" given, with stipulation that the X would be converted to yes or no value once the data was collected.

Written guidance was not provided until update of 2017-18 CEDARS data collection guidance (July 2017).

Reporting reminder distributed to districts 10/6/17.

Absence As Related To Deployment Activities And Recording Absences

Article V - Placement and Attendance: Absence Related to Deployment Activities

- ▶ Additional excused absences to visit the parent or legal guardian due to deployment, or leave from deployment, shall be granted at the discretion of the LEA.

Note: Deployment window is defined as one month before the member's departure from her/his home station through six months after return to her/his home station. This provision provides discretion to the local LEA and school superintendent flexibility during state testing periods or if the student has already missed so much school that additional absences will be detrimental.
