

# MIC3 MEMBER PROFILE KANSAS

## OVERVIEW

The Interstate Compact on Educational Opportunity for Military Children was developed jointly by The Council of State Governments' National Center for Interstate Compacts and the Department of Defense, with input from policy experts, and stakeholders from 18 different organizations and national associations, including representatives of parents, teachers, school administrators, military families, and federal, state, and local officials. The Interstate Compact eases education transition issues faced by the children of active duty service members transferring between school districts and states. Most military children will attend six to nine different school systems during their education from kindergarten to 12<sup>th</sup> grade. The Compact allows for uniform treatment of military children when dealing with issues of enrollment, eligibility, placement, and graduation when transferring schools.

Initial discussions about the Compact began in 2006, and drafting of the Compact began early in 2007. The Compact was first available for legislative consideration in 2008. The Interstate Compact on Educational Opportunity for Military Children was adopted by all 50 states and the District of Columbia in just 6 legislative sessions.

## HISTORY

Kansas was the first state to adopt the Interstate Compact into statute on April 9, 2008. The model language of the Interstate Compact was adopted with format modifications for the Kansas Statutes. The dues are paid by the Kansas Department of Education.
